

THE HARMONY TRUST

Ash Croft Primary Academy

Pupil Premium Statement 2018-19

Pupil premium funding: £108,240

Proportion of academy population: 35% FS2 – Y6

Number of pupils eligible for PPG: 76

At Ash Croft Primary Academy, we strive to improve pupil attainment through excellent rates of pupil progress regardless of pupils' barriers.

Ash Croft Primary Academy and Harmony Trust values:

Believe- empowering *all* pupils to have belief in what they can achieve and have aspirations for their future. We believe that *all* pupils are capable of achieving their goals, supported by quality teaching and provision.

Achieve- pupil achievement (progress) is the driver for raised attainment and we believe this approach supports *all* learners, including disadvantaged pupils.

Succeed- we believe that *all* pupils- particularly disadvantaged pupils- are capable of, and deserve to experience, success so that they have raised self-belief and raised aspirations about what they can achieve.

Understanding barriers at Ash Croft Primary Academy

At Ash Croft Primary Academy, we acknowledge and understand that challenging socio-economic circumstances can create additional barriers to learning for pupils. We also know that multiple factors of deprivation - including language deprivation - can create further barriers for pupils to overcome.

However, we are clear that the impact of these barriers to learning can be reduced through excellent classroom teaching and additional support, where necessary.

We believe that high quality professional development can enable all teachers to provide excellent classroom teaching and that interventions, led by well-trained staff, can support pupils to overcome barriers to learning and succeed.

We believe in developing the whole child; equipping them with the key skills to succeed in education and in later life as well as creating well-rounded pupils whose schooling is enriched with first-hand cultural experiences that support personal development. Where pupils cannot access these opportunities at home, we aim to provide these opportunities through a rich, broad curriculum enhanced by first hand experiences.

Although funding is provided specifically for pupils eligible for the Pupil Premium Grant, excellent educational outcomes for these children are best achieved through providing excellent teaching throughout the academy. In this way, *all* vulnerable children are helped to achieve the best possible outcomes from their starting points.

In order to ensure that the Pupil Premium Grant funding has an impact, we must identify barriers to learning and select effective strategies to overcome these barriers.

Barriers to learning for disadvantaged pupils at Ash Croft Primary Academy

- English as an additional language- the majority of pupils with EAL can only speak a few words of English on entry to school.
- A language deficit- a gap in vocabulary and a lack of ability to manipulate language for effect.
- The impact of inward mobility on attainment compared to age related expectations.
- Lack of access to and experiences of written texts; including opportunities to share a text with an adult for some pupils.
- Limited cultural and enrichment opportunities also has a limiting effect on the development of language and understanding.
- The impact of multiple factors of deprivation on pupils emotional well-being - this can impact on pupils' behaviour for learning, self-esteem and self-belief.
- Poor attendance and high levels of pupil mobility reduces the impact of the high quality education on offer, as pupils do not spend as much time learning.

Our strategies for reducing the impact of barriers to learning in 2018-19

Our primary strategy for removing the impact of barriers to learning is through the provision of quality first teaching.

Our approaches to teaching and learning are developed using research and strategies from the Education Endowment Foundation and The Sutton Trust, as well as strategies that we have found to be effective when implemented previously.

Our strategies include:

- Quality CPD focussed on developing pupils 1:1 and small group tuition to address children's gaps in learning and to maximise disadvantaged pupils' progress. This is also implemented to support pupils whose parents may not be able to support them at home.
- Developing EAL pedagogy and implementing strategies to support pupils to develop their spoken and written English skills.
- Additional staffing, particularly in the pre and post teaching, 1:1 reading, additional focused reading, personalised support and targeted intervention.
- Providing high quality teaching and learning of phonics so that pupils become fluent and are able to be taught comprehension skills.
- Reading comprehension strategies focussing on understanding of the text and the author's use of vocabulary and grammatical devices. This is facilitated by our purchase of Accelerated Reader, a reading programme aimed at developing these skills.
- Providing opportunities to communicate verbally through reading aloud, regular drama opportunities, through the Talk for Writing programme, discussing a range of age-appropriate texts and extending pupils' spoken vocabulary.
- Ensuring that all pupils have cultural enrichment opportunities through subsidised trips and experiences, music specialist teaching and tuition, visits to theatres and theatre groups invited in to school.
- Engaging parents with opportunities to empower them to support home learning. We do this by providing English and Maths Open Mornings on a termly basis.
